CERTIFICATION

COMPANY OVERVIEW

ORBIS TECHS is a dynamic technology services firm delivering comprehensive IT, communications, and systems-integration solutions. We are committed to delivering reliable, efficient, and scalable services to support public sector and government operations. Our focus is on providing high-quality, tailored technology solutions that meet each client's unique needs.

DIFFERENTIATORS

- Tailored, End-to-End Solutions - From planning and design to deployment and ongoing support, reducing the need for multiple vendors.
- Scalable and Adaptive Services - Able to serve small-scale local agencies up to larger state/federal entities.
- Focus on Quality and Reliability - Committed to delivering professional-grade systems and ensuring uptime and integrity of operations.
- Government-Ready Approach - Statement formatted to meet the expectations of procurement officers; ready for submission upon request.

CORE COMPETENCES

- IT Infrastructure Design, Implementation, and Maintenance
- Network Design, Structured Cabling and Connectivity Solutions
- Systems Integration (e.g., data communications, voice, video, security, surveillance)
- Managed IT and Support Services
- Project Management and Deployment for Technology Projects

PAST PERFORMANCE

ORBIS TECHS is a growing firm, we have successfully delivered technology and systems integration projects for private and institutional clients. Our experience in designing, deploying, and supporting complex IT and communication systems translates directly into the capabilities required for government contracts.
